## ENJOYS EVERY MEAL

Since Taking Vinol—Eating Was Punishment Before.

There are hundreds, even thousands of people right around here who have had no appetite for a long time and eat only because they must.

A Brooklyn man, Thos. J. Sinclair, says in a letter: "For nearly five years I was tormented with stomach trouble. I had no appetite and I suffered so much and so long that it seemed as if I never would get any relief. Vinol proved to be just what I needed. It brought back my appetite, relieved the painful symptoms and now my digestion is perfect. I enjoy every meal now, where formerly eating was almost a punishment."

This delicious cod liver and iron remedy without oil is wonderful to stimulate the appetite and build up the body. All who are weak and run down from stomach trouble or other causes should try Vinol on our positive guaranty to refund the money if they are not perfectly satisfied. Red Cross Pharmacy, Burt H. Wells, Prop., Barre, Vt.

## FOURTEEN ARE ENTOMBED.

Coal Dust Explodes in a West Virginia Mine.

Vivian, W. Va., Nov. 20.—Fourteen men, all of whom are believed to be dead, are entombed in the Bottom Creek mine of the Bottom Creek Coal and Coke company, as a result of an explosion caused by coal dust Saturday. Four other men who were in the mine at the time were rescued and brought out alive.

Where the explosion occurred, 18 men were at work. Five of them were engaged connected with the Crozier Land association, which leases the coal to the Bottom Creek company. Immediately after the explosion rescue parties went to work and succeeded in rescuing alive Alexander Williams, an engineer, and three other men. Williams' companion engineers, all of whom reside in Elk Horn, W. Va., were not found. They were W. H. Henderson, T. Williams, Hervey and Brewer. The rescuers Saturday night succeeded in finding the places where all the entombed men but one were. It was believed that all would be brought out of the mine by Sunday.

State District Mine Inspector Nicholson hurried to Vivian and took charge of the rescue work. The majority of the entombed miners were colored men or foreigners. The Bottom Creek mine was considered safe, for it was equipped with a steam jet system for dampening the workings. A 16-foot fan was used for ventilation and clay tamping was utilized for shooting. In spite of these precautions, the coal-dust explosion occurred.

## DELAY IN TRIAL OF PACKERS.

Counsel Succeeds in Postponing the Case to Wednesday.

Chicago, Nov. 20.—Counsel for the Chicago packers indicted under the Sherman anti-trust act succeeded late Saturday in getting a delay until next Wednesday of the criminal trial, which was scheduled to begin on Monday in the United States district court.

The delay was granted by Judge C. C. Kobbs in the United States circuit court, where, earlier in the day the defendants had been defeated in efforts to make effective a writ of habeas corpus. An appeal to the United States supreme court was allowed by Judge Kobbs on his decision.

After deciding to quash the writ of habeas corpus and ordering the defendants remanded to their respective jails, Judge Kobbs agreed to delay formal entry of his decision and order until Wednesday morning. This it is asserted, will postpone opening of criminal trial of the packers long enough to permit the indicted men to get their appeal to the United States supreme court, before they automatically accept jurisdiction in the district court by appearing at the trial there.

## TO RAISE PERRY FLAGSHIP.

Old Warship Niagara Will Make a Tour of the Great Lakes.

Cleveland, Nov. 20.—Commodore Perry's flagship in the battle of Lake Erie, near Put-in-bay, the Niagara, that has lain at the bottom of the lake in the Erie, Pa., harbor for twenty-five years, will be raised, made seaworthy and taken on a tour of the Great Lakes in 1913 as a feature of the Perry centennial celebration. The state of Pennsylvania will bear the expense.

This was decided on at Saturday's session of the interstate board in charge of the centennial.

## ABOUT THE STATE

Charles Welch of Wilmington committed suicide Wednesday by taking laudanum. He was 61 years of age.

C. H. Silver of Brownsville found one bean in his pocket in the spring, and as an experiment planted it and kept track of it until fall, when it was found to have produced 60 peas, which contained 357 beans by actual count.

Harrison Fish of South Windham, who has been in poor health for some time, is now in a critical condition. Going into the kitchen in the night recently, he fell, striking on a chair and breaking three ribs, some of the splinters penetrating his lungs.

Mayor Roberts of Burlington, who has been on a trip through the West, returned Friday. He was much pleased with the park systems in Madison and Lacrosse, Wis., and considers this the result of public spirit and the munificence in each city of wealthy and progressive citizens of Vermont birth.

As soon as arrangements can be made, the Troy Scale company of Troy, N. Y., will move its plant to Vergennes. A saw and shingle mill formerly used by the Vergennes Manufacturing company has been purchased and when the Troy company is located in its new quarters it will probably employ at least 50 men.

Frank Morrill of West Rutland received a painful injury while hunting in Castleton Thursday. He sighted a buck and fired. A part of the shell extractor on the rifle flew back, striking him in the nose, severing about half of the member and badly shattering the bone. A number of small pieces of bone were removed and the nose put back in place, it taking ten stitches to do the task.

L. P. Thayer of Morrisville, secretary of the railway meeting held in Waterbury Wednesday, states that the newspapers unintentionally did Morrisville and Hyde Park a great injustice in the amount of business that is now being sent out. The freight business of Morrisville amounts to over \$130,000 instead of only \$30,000. Hyde Park sends out 350 cars and receives about half as many; North Hyde Park sends out 297 and receives 38; Center Hyde Park sends out in aggregate about 37 cars.

A movement has been started to incorporate the Burlington Symphony society. Articles of incorporation will be filed early this week, the principal place of activity to be in Burlington. The articles are now being circulated for the signatures of the charter members. The \$1,000 guarantee fund has been practically all raised. The purpose of the association, as set forth in the articles, is to increase knowledge and acquaintance with the higher and better forms of music, to inspire intelligent appreciation and understanding thereof, to develop skill therein, and to advance the cause of music as a fine art and as a refining and ennobling influence.

## Orange County Game Wardens.

The following are the game wardens of Orange county, to whom hunters may exhibit deer heads: Chelsea, H. S. Annis, Hale Matteson; Brookfield, W. C. Clark; West Brookfield, E. E. Boyce; Braintree, G. Ricknell; Corinth, Gilbert Blake; Thetford, W. H. Burr; George E. Emerson; Washington, George Downing, W. T. Worthing; Newbury, A. A. Carlton; Thomas White; Wells River, N. H. Field; Orange, R. C. Flanders; Orange Center, Oscar Pease; East Orange, Edgar Sanborn; Vershire, B. C. Titus; Edwin Pearl; West Topsham, W. G. Jackson; Topsham, W. V. Hood; East Topsham, J. F. McMan; Middlebury, S. E. Robinson; H. M. Griffin; West Fairlee, H. M. Miller; Boltonville, Nathaniel Robinson; Stratford, J. F. Wood; J. W. Untch, Randolph, county fish and game warden.

## WINDHAM COUNTY LEADS

In Number of Deer Killed in Vermont Up to Saturday.

Lyndonville, Nov. 20.—Official returns received at the office of J. W. Titcomb, state fish and game commissioner, give the total number of deer killed during the present open season up to 5 p. m. Saturday as 415. These figures do not include any deer killed Saturday and there are doubtless reports in transmission of deer killed earlier in the week which have not yet reached the commissioner. The result by counties is as follows:

Addison	28
Bennington	10
Caledonia	14
Chittenden	9
Essex	10
Franklin	15
Lamoille	28
Grand Isle	2
Lamotte	28
Orange	38
Orleans	15
Rutland	40
Washington	54
Windham	88
Windsor	63

Wardens report the finding of seven deer shot in the woods and left by hunters. The average weight of deer so far reported is greater than last season.

## WANTED: 50 MEN AND WOMEN

To Take Advantage of Special Offer Made by D. F. Davis.

D. F. Davis, the enterprising druggist, is advertising to-day for fifty men and women to take advantage of the special half-price offer he is making on Dr. Howard's celebrated specific for the cure of catarrh and dyspepsia, and get a fifty-cent package at half price, 25 cents.

So positive is he of the remarkable power of this specific to cure these diseases, as well as sick headaches and liver troubles, that he agrees to refund the money to any customer whom the medicine does not quickly relieve and cure.

With Dr. Howard's specific at hand, you can eat what you want and have no fear of ill consequences. It strengthens the stomach, gives perfect digestion, regulates the bowels, creates an appetite and makes life worth the living.

If you cannot call at D. F. Davis' store to-day, send him 25 cents by mail and he will send you a package promptly, charges prepaid.

D. F. Davis has been able to secure only a limited supply of the specific, so great is the demand, and you should not delay taking advantage of this liberal offer he is making this week.

## FEATHERED POLICE.

Birds Do a Wonderful Amount of Work For the Farmer.

Birds work more in conjunction with man to help him than does any other form of outdoor life, according to an article in Success Magazine. They police the earth and air, and without their services the farmer would be helpless. Larks, wrens and thrushes search the ground for grubs and insects. The food of the meadow lark consists of 75 per cent of injurious insects and 12 per cent of weed seed, showing it to be a bird of great economic value. Sparrows, finches and quail eat a large amount of weed seed.

Practically all the food of the tree sparrow consists of seed. Examinations by Professor F. E. L. Ben of the biological survey of the department of agriculture show that a single tree sparrow will eat a quarter of an ounce of weed seed daily. In a state the size of Iowa tree sparrows alone will consume more than 800 tons of weed seed annually. This, with the work of other seed eating birds, saves the farmer an immense amount of work.

Nuthatches and chickadees scan every part of the trunks and limbs of trees for insect eggs. In a day's time a chickadee has been known to eat hundreds of insect eggs and worms that are very harmful to our trees and vegetables. Warblers and vireos hunt the leaves and buds for moths and millers. Flycatchers, swallows and night hawks are busy day and night catching flies that bother man and beast. Hawks and owls are working silently in daylight and darkness to catch moles, mice, gophers and squirrels.

## Sailing a Boat.

Visitor—I would like to get you to teach me to sail a boat.

Boatman—Sail a boat? Why, it's easy as swimming. Just grasp the main sheet with one hand and the tiller with the other or if a fluke strikes ease up or bring 'er to an' loose the balmors, but look out for the guff an' the hayards or the bull thing'll be in the water an' ye be upset, but if the wind is steady y'r all right unless y'r too slow in luffin, 'cause then y'll be upset sure. Jump right in an' try it; but, remember, whatever ye do, don't jibe!

## Deepest Lake in the World.

The Great Sunken lake in the Cascade mountains, about seventy-five miles northeast of Jacksonville, Ore., is thought to be the deepest lake in the world. Its shores slope abruptly down an average of 200 feet on all sides before the water is reached. The depth of the water is unknown, and its surface is always smooth and unruffled, being so far below the mountain rim that winds cannot reach it.

## ESTATE OF SAMUEL REMIS.

STATE OF VERMONT. The Honorable District Court of Washington, ss: Probate Court for the District of Vermont. In and for the County of Franklin, ss: In the matter of the estate of Samuel Remis, late of Marshfield in said District, deceased.

Whereas, application hath been made to this court in writing, by the Administrator, Simon Remis, of said District, for letters testamentary to sell all of the real estate of said deceased, to wit: Situated in the Town of Marshfield in said District, representing said court that it would be beneficial to the heirs and all persons interested in the estate of said deceased, to sell said real estate and convert the same into money.

And bringing into court the consent and approval in writing, of all the heirs to said estate residing in this State and setting forth the situation of the real estate.

Whereupon, the said Court appointed and assigned the 20th day of November, 1911, at 10 o'clock in the forenoon, to be held at the Probate Office in Montpelier in said District, to hear and decide upon said application and petition, and ordered public notice thereof to be given to all persons interested therein, by publishing said order, together with the time and place of hearing, three weeks successively in the Barre Daily Times, a newspaper which circulates in the neighborhood of those persons interested in said estate, all of which publications shall be previous to the day assigned for hearing.

Therefore, you are hereby notified, to appear before said Court, at the time and place assigned, then and there in said Court to make your objections to the granting of such license, if you see cause.

Given under my hand at Montpelier, in said District, this 13th day of November, 1911.

FRANK J. MATRIN, Judge.
